Summer Hours

COMPUTER ROOMS (135, 137, 139, 141, 143)
Monday through Friday 8:00AM—5:00PM
Saturday, Sunday Closed

ADMINISTRATIVE OFFICE

Monday through Friday 8:00AM—NOON
1:00PM—5:00PM

ARCHIVIST

Monday through Friday 8:00AM—NOON
1:00PM—5:00PM

Consultants

David Brockington, Political Science
Gone Fishin, Communications
Yi-Chi Chen, Economics
Deron Ferguson, Geography
Brian Greller, Social Work
Ta Liu, Pinch-Hitter
Alicia M. McCollum-Chen, Public Affairs
Emory Morrison, Sociology
Tim Moses, Education
Deanna Nauer, Jackson School

Administrative Staff

Fred Nick, Director
Louise Edmunds, Fiscal Specialist
Grace Ning Gu, Archivist
Edmond Sokul, Office Assistant
Jaechul Chang, LAN Manager
Dixielynn Gleason, Word Processing
Consultant

Addresses

Center for Social Science
Computation & Research
University of Washington
145 Savery Hall—Box 353345

From the Director

Hello Summer! Since the lazy hazy crazy days of Summer are upon us, it might be a good time to increase your computer skills. We're offering a nice set of free non-credit classes this Summer.

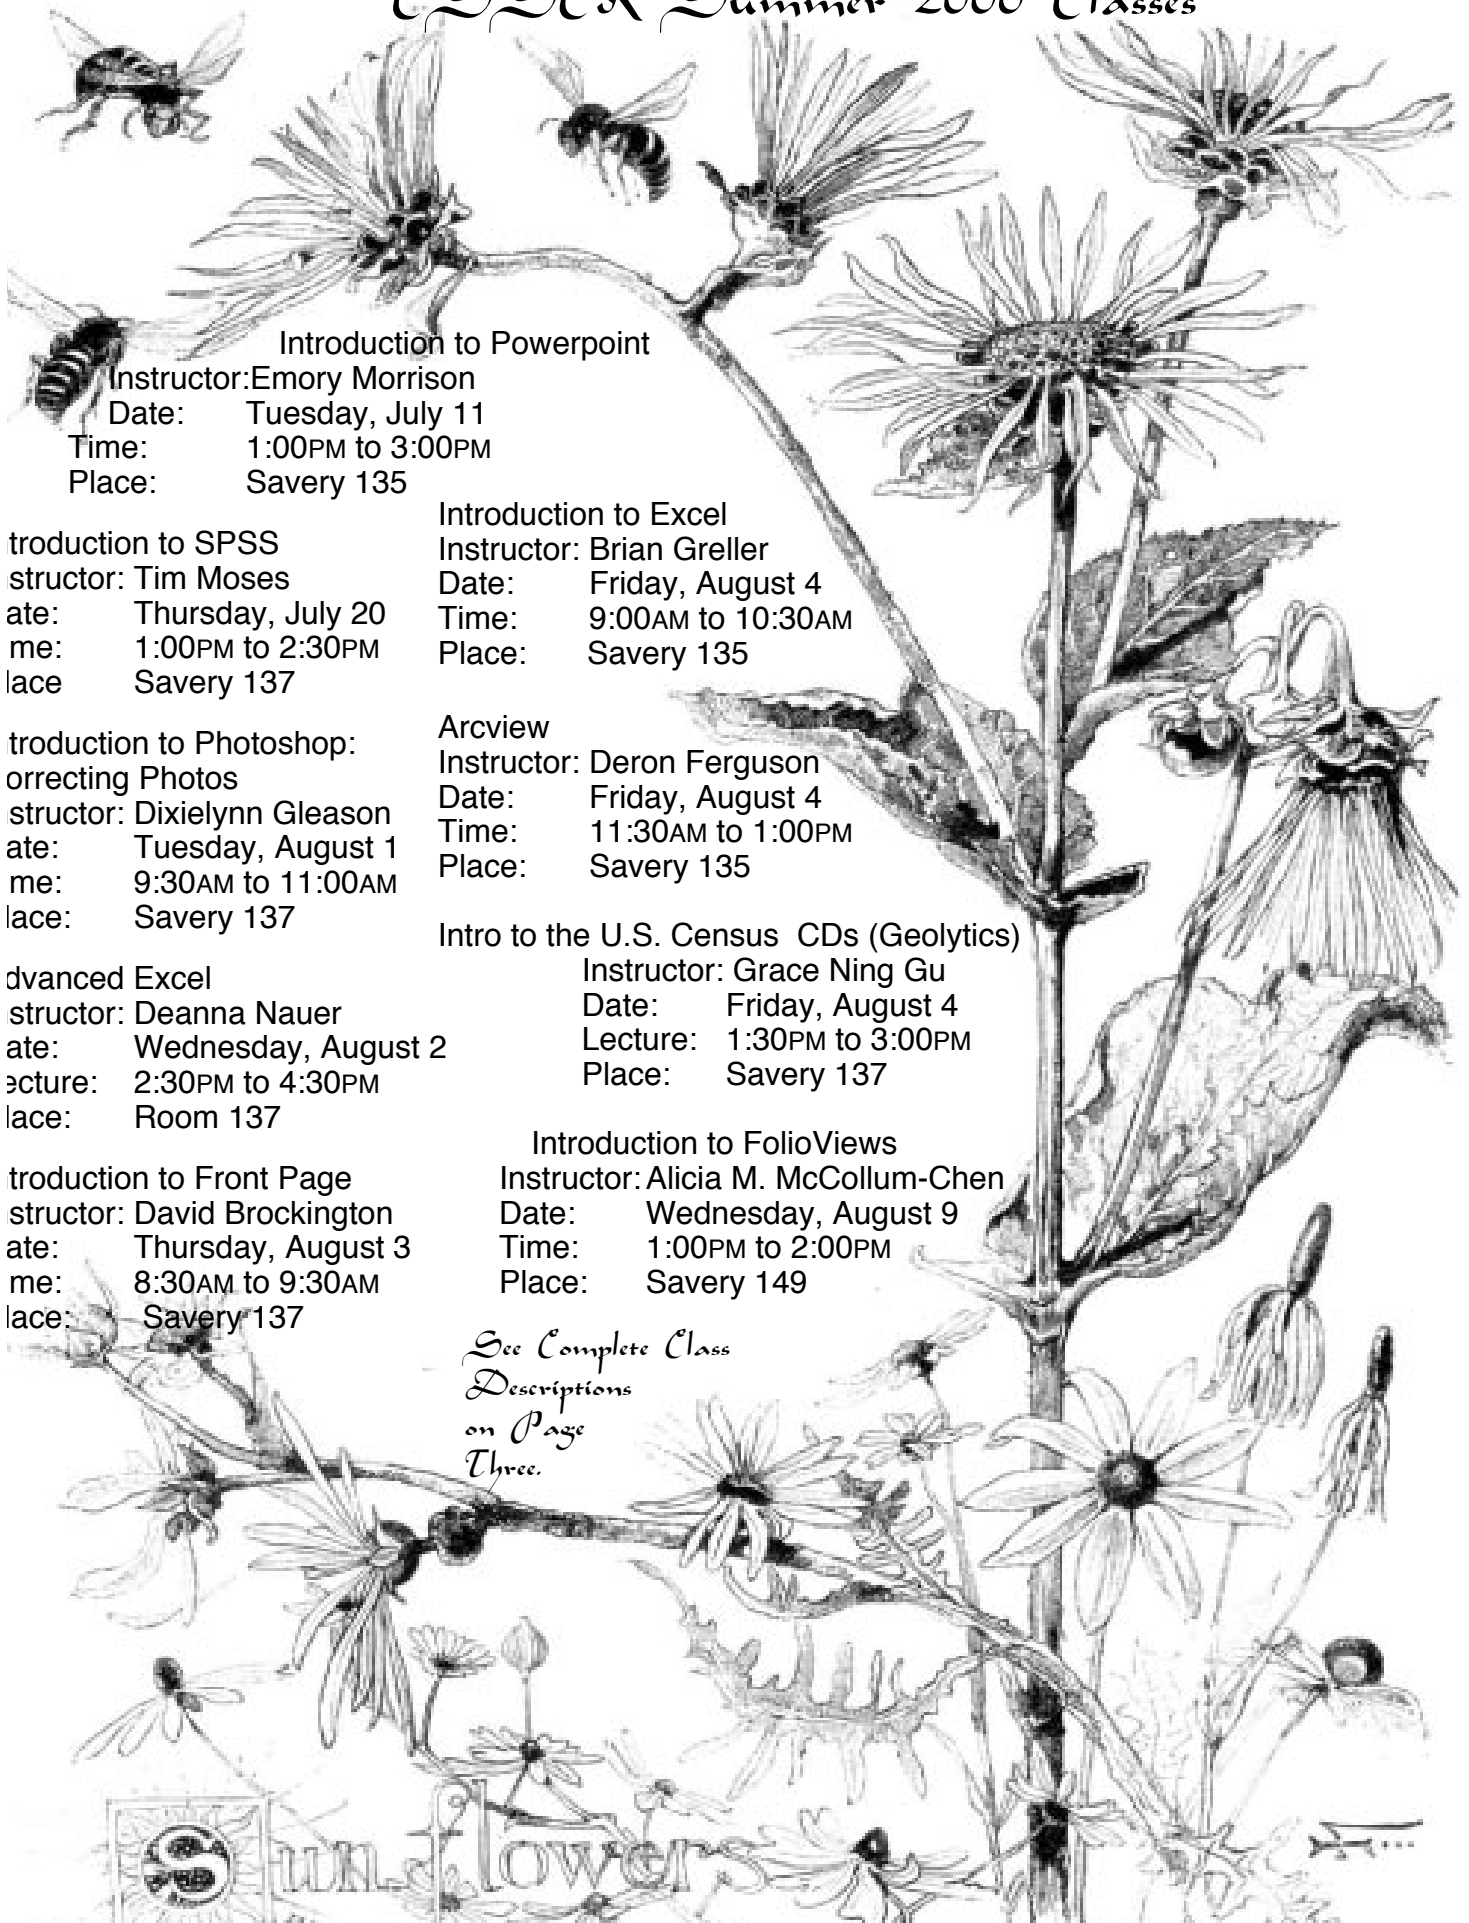

Also, we have the new Geolytics census data and mapping products to investigate. So drop by the center or checkout the website for the classes. Or just ask one of the staff to show you the Geolytics software.

Have a great Summer!

FRED NICK

USUK Summer 2000 Classes

Introduction to Powerpoint

Instructor: Emory Morrison
Date: Tuesday, July 11
Time: 1:00PM to 3:00PM
Place: Savery 135

Introduction to SPSS
Instructor: Tim Moses
Date: Thursday, July 20
Time: 1:00PM to 2:30PM
Place: Savery 137

Introduction to Excel
Instructor: Brian Greller
Date: Friday, August 4
Time: 9:00AM to 10:30AM
Place: Savery 135

Introduction to Photoshop:
Correcting Photos
Instructor: Dixielynn Gleason
Date: Tuesday, August 1
Time: 9:30AM to 11:00AM
Place: Savery 137

Arcview
Instructor: Deron Ferguson
Date: Friday, August 4
Time: 11:30AM to 1:00PM
Place: Savery 135

Advanced Excel
Instructor: Deanna Nauer
Date: Wednesday, August 2
Lecture: 2:30PM to 4:30PM
Place: Room 137

Intro to the U.S. Census CDs (Geolytics)
Instructor: Grace Ning Gu
Date: Friday, August 4
Lecture: 1:30PM to 3:00PM
Place: Savery 137

Introduction to Front Page
Instructor: David Brockington
Date: Thursday, August 3
Time: 8:30AM to 9:30AM
Place: Savery 137

Introduction to FolioViews
Instructor: Alicia M. McCollum-Chen
Date: Wednesday, August 9
Time: 1:00PM to 2:00PM
Place: Savery 149

CSSCR Classes Summer Quarter 2000

CSSCR offers free, non-credit classes to UW faculty, students and staff. To sign up for CSSCR classes, call 543-8110, or stop by 145 Savery Hall during office hours, or sign up on CSSCR's Web page.

<http://julius.csscr.washington.edu/> Please note room number for location of class!

Introduction to Powerpoint

Utilize graphs, animated text, pictures, sounds, and a variety of other functions to create a professional or fun presentation.

Instructor: Emory Morrison
Date: Tuesday, July 11
Time: 1:00PM to 3:00PM
Place: Savery 135

Introduction to SPSS

Numbers are all around us...swarming...menacing...closing in from all sides.

What should you do? Crunch'em! SPSS allows you to perform many of the statistical analyses needed by social scientists and produce tables and graphs of the results.

SPSS...for all your crunching needs.

Instructor: Tim Moses
Date: Thursday, July 20
Time: 1:00PM to 2:30PM
Place: Savery 137

Introduction to Photoshop: Correcting Photos

I'll demonstrate the use of Photoshop for altering problem photographs, including correcting tones, creating contrast, sharpening focus and adjusting colors.

Instructor: Dixielynn Gleason
Date: Tuesday, August 1
Time: 9:30AM to 11:00AM
Place: Savery 137

Advanced Excel

This class will explore options available on the Tools and Data drop-down menus in Excel. Specifically, we will focus on management of large data sets, looking at: Pivot Tables, Conditional equations, Scenarios and cool functions available through the function wizard.

In addition, a brief introduction will be given to the data analysis tools available, focusing on some of the more commonly used tools. Finally, (time permitting) we will finish up with an introduction to Solver, what it is, what it does and how it can help you.

Instructor: Deanna Nauer
Date: Wednesday, August 2
Lecture: 2:30PM to 4:30PM
Place: Room 137

Introduction to Front Page

Manufacture and distribute Web pages with a popular HTML editing software package. This class makes no assumptions, so you will not need prior experience with HTML, web editing, or the UNIX file system to attend.

By the end of this lecture you ought to be minimally conversant in Front Page and capable of crafting and publishing pages of your own. You will need a UWNet ID (a dante or homer account will suffice) to publish your page.

Instructor: David Brockington
Date: Thursday, August 3
Time: 8:30AM to 9:30AM
Place: Savery 137

Introduction to Excel

This class is for anyone who has had little or no experience with Excel. We will focus on the program's basic spreadsheet functions & general charting capabilities.

Instructor: Brian Greller
Date: Friday, August 4
Time: 9:00AM to 10:30AM
Place: Savery 135

Arcview

In this class, you will get an overview of how Arcview works and how to make a basic thematic map with several "layers" (for example, states, roads, and cities).

You will learn how to use geocoded data and on-line sources. If there's time, we will also "digitize" a simple thematic map with boundaries you provide, such as a map found in a book.

Arcview is ideal for those who want to spice up their papers, theses, etc. with maps.

WARNING: This class is not for the computer novice!

Instructor: Deron Ferguson
Date: Friday, August 4
Time: 11:30AM to 1:00PM
Place: Savery 135

Intro to the U.S. Census CDs (Geolytics)

Four demographic and mapping software collections will be introduced in this class: CensusCD+Map, CensusCI Blocks, CensusCD 1980 and StreetCD 98.

These packages form the most convenient and complete demographic and geographic reference on the market. You can easily view, query, map, and export the U.S. population and housing data (including 1980 and 1990 U.S. Census, recent estimates and projections) for various contexts, from city blocks to the state level.

The StreetCD 98 allows you to easily acquire Census T GER 98 street and boundary files. You can view and retrieve geographic data and attributes (such as roads, railroads, hydrography, as well as legal, statistical, and administrative boundaries for census, transportation, health, education and more) from local to national.

In this class, I will demonstrate how to view and extract data from each of these CDs, create reports, and map the data. Participants should be familiar with Windows

Instructor: Grace Ning Gu
Date: Friday, August 4
Lecture: 1:30PM to 3:00PM
Place: Savery 137

Introduction to FolioViews

This program is used for analyzing textual data. We will briefly discuss qualitative analysis, and then demonstrate FolioViews.

Instructor: Alicia M. McCollum-Chen
Date: Wednesday, August 9
Time: 1:00PM to 2:00PM
Place: Savery 149

New from the Archivist

New On-Line Data:

World Values Surveys and European Values Surveys, 1981-1984, 1990-1993, 1995-1997.
Current Population Surveys 1968-1991: annual demographic file.
Cost of Providing Transportation and In-home Services to the Elderly, 1982-1983.
Eurobarometer 35.1: Public Transportation and Biotechnology.
Nationwide Personal Transportation Study 1977, 1983, and 1990.
School and Staff Survey 1993-1994 [US]: Teacher Follow-Up Survey, 1994-1995, Revised Version.
ABC News Bradley/Bush/Gore Express Poll, June 1999.
Monitoring the Future: A Continuing Study of American Youth (12th Grade Survey) 1998.
Current Population Surveys, June 1998: Fertility and Birth Expectations.
Civil Strife Events, 1955-1970.
Cross National Time Series 1850-1973.
American Citizen Participation Survey 1990.
Reference Point Effects in Eliciting Values of Environmental Goods, 1988-1990.
National Correction Report Program 1983-1995: [US]
National Correction Report Program 1996: [US]
County Business Patterns 1980 [US]: State and County Data.
Consumer Expenditure Survey, 1997: Diary Survey.
Consumer Expenditure Survey, 1997: Interview Survey and Detailed Expenditure Files.

New CD Roms:

US Exports Commodity Classification 2000.
ICPSR Periodic Release CD for New Releases from the Winter 2000.
ICPSR Periodic Release CD for New Releases from the Spring 2000.
US Imports of Merchandise Jan-Mar 2000
US Exports of Merchandise Jan-Mar 2000.
Common Core of Data (CCD): School Years 1993-1994 through 1997-1998.
Energy DisclInfo Vol 4, No. 4, Disc 1.
The American Housing Survey 1997 National Micro Data.
Statistical Abstract of the United States 1999.
State Personal Income 1969-98.
Economic Report Series 1997.
Zip code Business Patterns 1997.
National Trade Data Bank, Oct 1999-Mar 2000
