

# From the Director

This Summer will be another rebuilding time for CSSCR.

After the close of classes, CSSCR will be completely renovating the equipment in our two large labs. Then just before school starts this Fall, we will have our Back-to-School seminars series once again. Please bear with us through all the changes this Summer.

By Autumn we should have some new wonderful machines with which to teach, learn and conduct research.

Thanks for your patience and have a great Summer!

**Fred Nick**
